

Students thinking about NCAA?

Collegiate athletics can be a great opportunity for select students. If you have students considering participating in a NCAA college level sport, there are specific eligibility requirements to be aware of and it is best for both you and the student to start planning early.

Timeline

Students wishing to participate in NCAA Division athletics, need their program to be approved by the NCAA Eligibility Center and are required to qualify academically and be cleared as an amateur student-athlete.

Freshman Year

- Student must register at: www.eligibilitycenter.org.
- Identify the student that may be in line for eligibility and get them to register as soon as possible, the longer a student waits the less time the application has to get approved.
- Ensure the student is on track to graduate on time with their class and have the required amount of core courses.
- The program must be the same for the NCAA or any other student.

Junior Year

- Student must take the ACT or SAT and use the code "9999" to have official scores sent directly to the NCAA Eligibility Center.
- Ensure students are on track to graduate on time with their class and have the required amount of core courses.
- Send student's transcript to the NCAA Eligibility Center at the end of their junior year.

Senior Year

- Student to take the ACT or SAT again , if necessary. The NCAA eligibility center will use the best scores from each section of the ACT or SAT to determine your best cumulative score.
- Student must request final amateurism certification during their senior year (beginning April 1).
- Ensure students are on track to graduate on time with their class and have the required amount of core courses.
- Submit the student's final transcript to the NCAA with proof of graduation. *Note: the transcript must include the approved nontraditional course for the program.*

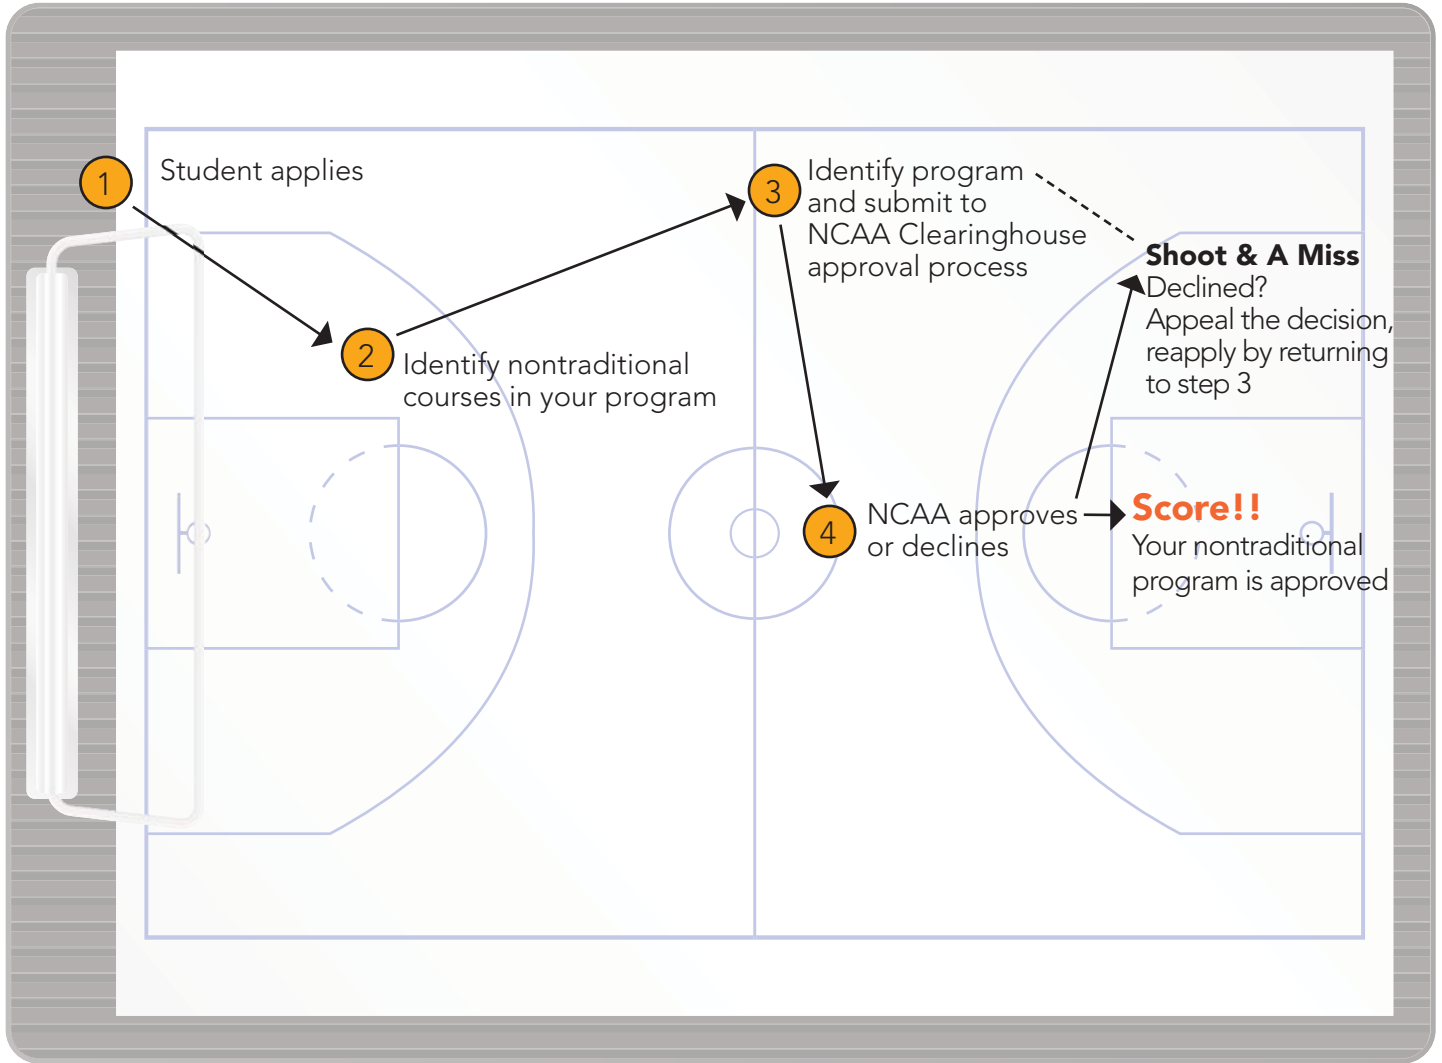

Sophomore Year

- Ensure students are on track to graduate on time with their class and have the required amount of core courses.
 - Division I GPA required to be eligible for competition on or after August 1, 2016, is 2.300.
 - Division I GPA required to receive athletics aid and practice on or after August 1, 2016, is 2.000.
 - The Division II core GPA requirement is a minimum of 2.000.

Program Approval

In order for students to be eligible to participate in an NCAA College level sport you must also ensure that your program is approved. Partnering with Edmentum provides rigorous program content and experienced consultants to help guide you through the approval process.
