PSSA and Keystone Preparation for Every Learner

We understand that delivering individualized instruction to students of all ages and ability levels can be a significant challenge. Edmentum offers a solutions bundle to address the individualized test prep needs of your learners. Study Island and Edmentum Assessments offer choices for students working above, at, or below grade level to ensure that every student attains academic success.

Study Island®

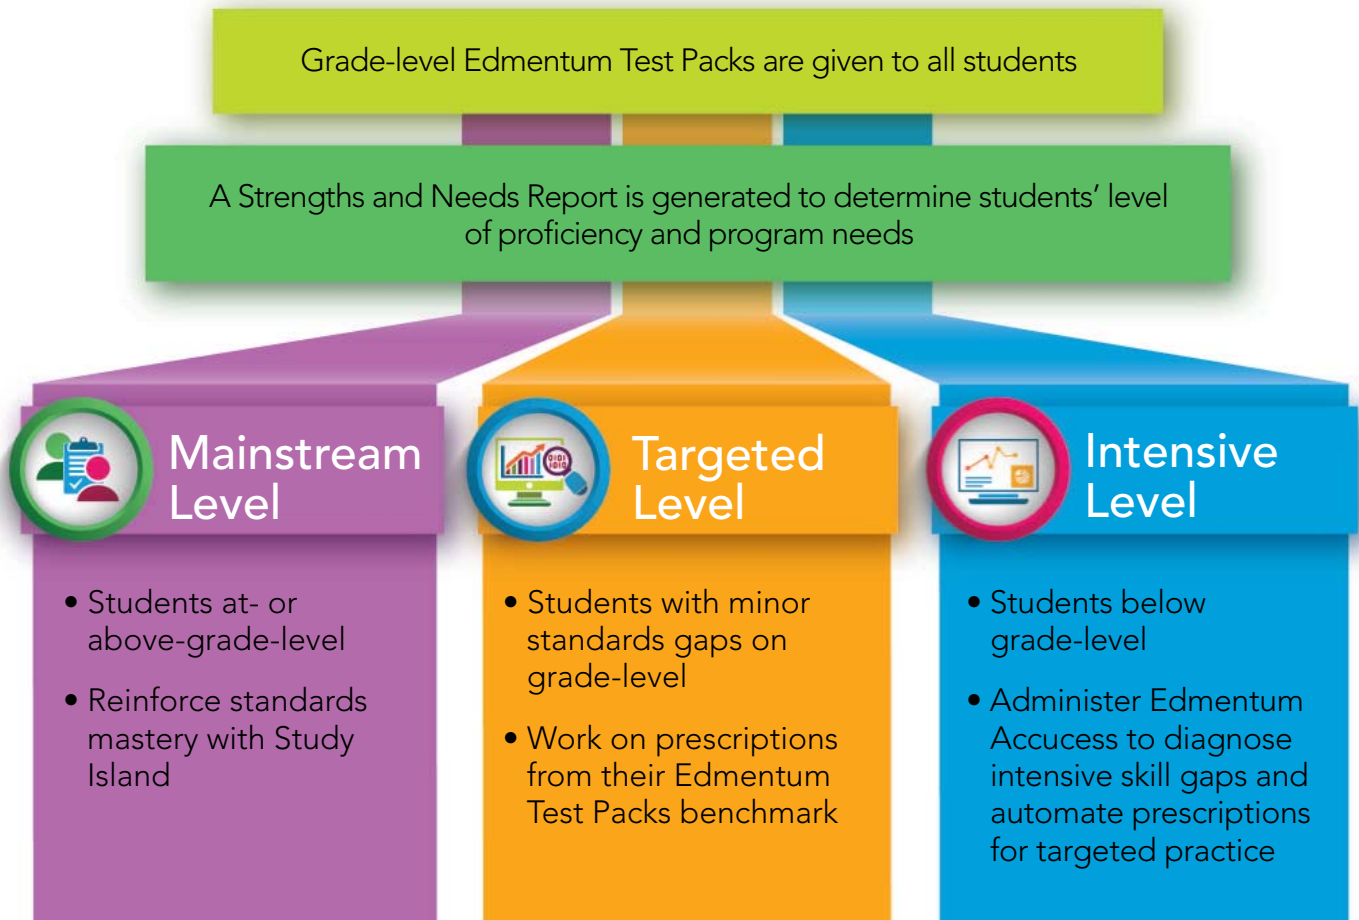

- Data-driven standards mastery solution built to the Pennsylvania Core standards to improve performance in core skill areas
- Ideal for self-paced learning or whole-class instruction for grades 2–12
- Provide automatic remediation and real-time progress monitoring and reporting
- Differentiate instruction using practice assignments, writing exercises, and Test Builder

Edmentum™ Assessments

- Diagnostic and formative assessments designed to help educators understand each student's unique needs to more effectively guide instruction to the Pennsylvania Core Standards
 - Edmentum Test Packs Rx: Fixed benchmark assessments that target areas of need with grade-level individualized prescriptions for grades 3–12
 - Edmentum Accucess: Adaptive, diagnostic assessment that quickly and efficiently places your students at their skill level in reading, writing, and math for grades 5–12
- Easily administer multiple comparable milestones to automate individualized prescriptions
- Promote higher-order thinking and inquiry with constructive-response item types that provide broader coverage of depth of knowledge (DOK) levels

How can you meet the needs of every learner in your classroom?

Use real-time data to enhance your instructional decisions

Both Study Island and Edmentum Assessments offer real-time reporting to support a truly data-driven instructional experience. Reporting is available to identify the strengths and needs of your student population, as well as the growth of individual students. Based on your data findings, you can immediately take action by utilizing our robust instructional materials and teacher tools to easily provide students with the assistance they require.
