

## Northstar Workforce Readiness Developmental & Study Guide Programs

Many learners need extra support to be prepared for college-level coursework. Help your students begin or succeed in post-secondary courses with the Northstar Workforce Readiness Developmental and Study Guide programs.

### Prepare for Post-Secondary Success

Our Developmental and Study Guide programs offer self-paced, individualized practice for students preparing for placement tests or completing developmental- and standard-level college coursework. The program's online platform provides 24/7 availability so that students can study when and where it's convenient for them. Questions are built to follow placement testing and course curriculum, with test-building features available to teachers looking to customize content. Students are offered immediate feedback for all answers, allowing them to focus on the topics in which they need the most practice and master the skills necessary for success in college coursework.

### Developmental Programs

#### *Lay a Strong Foundation*

- Designed to align with skills tested on COMPASS, ASSET and ACCUPLACER college placement tests
- Automated grading and feedback shows students which topics they need to work on
- Builds learner confidence by showing how correct answers are reached

### Study Guides

#### *Achieve High in Higher Education*

- Practice content relevant to post-secondary math, science and history courses
- Feedback reinforces correct answers and shows students which concepts they are struggling with
- Help students achieve deeper understanding and mastery of skills through studying at their own pace
