## Where Can I Find My Child's Work?

[Homepage](#) > [Select MyCity, Classwork or Homework](#)

In a MyCity, you'll find content your child's teacher has set as classwork or homework. Keep an eye out for these icons:

A lock means that a MyCity is sequenced and your child must complete content in the order set.

A black and white flag on the last piece of content means your child has completed that MyCity.

A clock means that a MyCity needs completing for a certain date.

## Where Do I See My Child's Progress?

[Homepage](#) > [Select MySuccess](#)

MySuccess is a great way to track your child's progress. Here, you can view Activity scores your child has achieved so you can keep up-to-date with their learning both in the classroom and at home!
