

Prevent the SUMMER Learning Slide

Explore engaging summer options that keep learning on track

For many, summer vacation invites exciting opportunities to explore new interests and build lasting memories. But, in instances where summer also ushers in an absence of academic progress, learning loss sets in. Explore high-quality online solutions that lead to smarter summers and greater student success.

Launch into summer with solutions that offer:

- **Flexible implementation options** for a shortened summer schedule
- **Targeted learning pathways** that pinpoint each student's unique needs
- **Engaging and rewarding learning experiences** to keep motivation high
- **Differentiated curriculum** to support scaffolded learning and remediation
- **Real-time data and reporting** to help inform instructional decisions

FACT
Every summer, low-income youth lose two to three months of reading progress. Additionally, most youth lose two months of math skills.

FACT
Longitudinal studies indicate that the effects of summer learning programs endure for at least two years after participation.

FACT
Summer learning loss accounts for about 2/3 of the 9th grade achievement gap in reading.

Summer options to suit your students' needs

Practice and Preparation

Sharpen standards mastery and reinforce skills with Study Island practice and classroom assessment tools to help K–12th grade students meet on-grade-level standards or prepare for the year ahead.

Credit Recovery & Expanded Options

Customize curriculum options with Edmentum Courseware. Built to state and national standards for students in grades 6–12, Courseware supports credit recovery, original credit, and expanded course options.

Individualized Learning

Tailor the learning journey to each student's unique academic abilities with Exact Path's assessment-driven learning paths for K–12th grade students across reading, language arts, and math.

Foundational Literacy

Build essential literacy skills and ensure that students read proficiently by the 3rd grade using Reading Eggs' dynamic learn-to-read program for pre-K–6th grade students based on the five pillars of reading.

Fully Virtual Learning

Expand options using virtual courses paired with state-certified instructors in EdOptions Academy. Designed to help students catch up, get ahead, and explore specific interests with a personalized instructional approach.
