

ACCELERATE

Learning This Summer

Enhance and expand your summer learning options

Using the summer months for enrichment and academic recovery is proven to work, but how do you do it well? Edmentum offers high-quality online programs and services so students can catch up, get ahead, and accelerate to success.

Launch into summer with solutions that offer:

- **Flexible implementation options** for a shortened summer schedule
- **Targeted learning pathways** that pinpoint each student's unique needs
- **Engaging and rewarding learning experiences** to keep motivation high
- **Differentiated curriculum** to support scaffolded learning and remediation
- **Real-time data and reporting** to help inform instructional decisions

FACT
 NWEA concluded it would take approximately three years for students to recover from pandemic learning disruptions.

FACT
 Longitudinal studies indicate that the effects of summer learning programs endure for at least two years after participation.

FACT
 A national study shows attendance rates are higher and chronic absenteeism is less prevalent among students that attend summer school.

Summer options to suit your students' needs

Scale Your Intervention Program and Supercharge Growth

Meet each student where they're ready to learn with Exact Path's assessment-driven direct instruction for K-12.

Offer In-District Virtual Instruction and Tutoring

Provide virtual learning opportunities by integrating Edmentum's instructional services through our fully accredited virtual school, EdOptions Academy. Address a teacher vacancy, launch a complete virtual program, or extend learning with virtual tutoring.

Expand Course Options and Recover Credits

Keep students on track with Edmentum Courseware's or Apex Courses' engaging, standards aligned digital curriculum for grades 6-12.

Accelerate to Course Readiness

Introduce modular curriculum that accelerates student understanding and avoids the need for credit recovery with Apex Tutorials aligned to 6-12 courses, EOCs, and college readiness assessments.

Master Grade-Level Standards

Sharpen standards mastery with Study Island practice and assessment tools to help K-12th grade students meet grade-level proficiency or prepare for the year ahead.

Set Strong Foundations for Reading Success

Build literacy skills and ensure that students read proficiently using Reading Eggs' dynamic learn-to-read program for pre-K-6th grade students based on the five pillars of reading.
