

# The Edmentum Difference

Proven digital curriculum. Outstanding virtual teachers. Flexibility for success.

Original credit or credit recovery

College and career readiness

School/district wide virtual programming

Catalog expansion

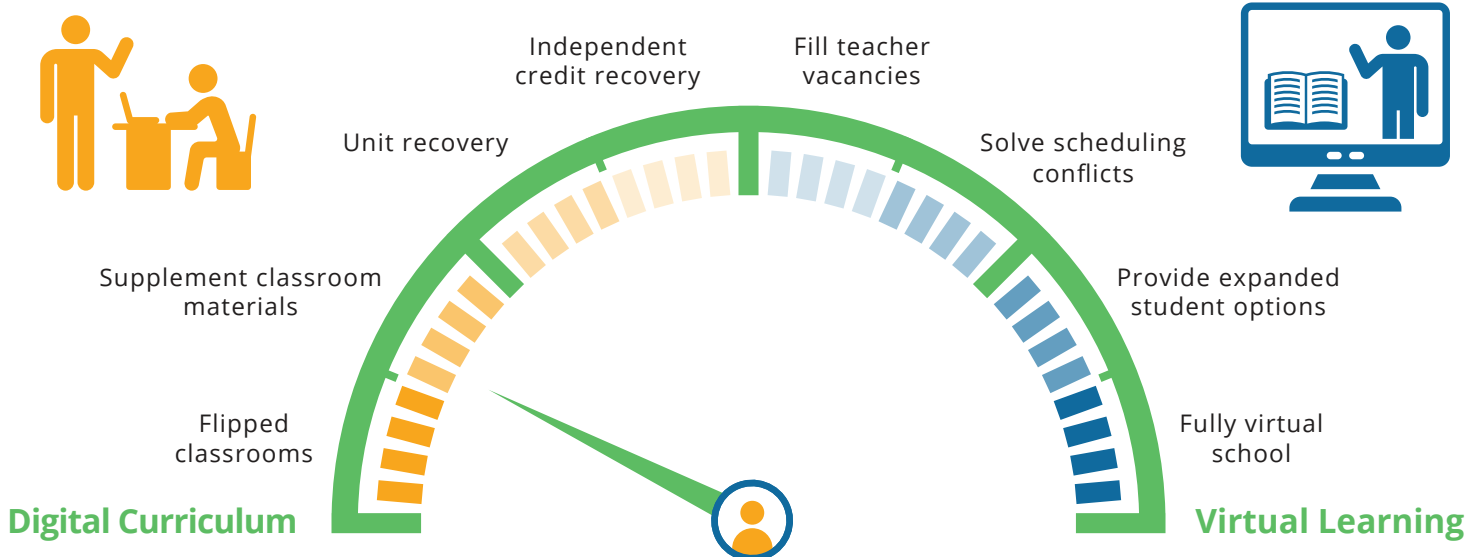

Staffing shortage solutions

“ My son's teachers have been beyond wonderful in terms of communication, encouragement, and keeping our son on task, which he requires. ”

– Eva B.  
EdOptions Academy Parent

Gear up your program with fluid blended and fully virtual learning solutions.

## Two Programs Built on One Foundation

### Digital Courseware

- School or district provides teacher of record
- Highly customizable content
- Monitor student pacing and progress with Gradebook
- Reports that provide insights for educators from the classroom to district office

- 6-12 digital curriculum grounded in research
- Aligned to your state standards
- 400+ courses including core, electives, CTE, AP, and world languages
- Flexible, 24/7 learning environment
- Expert consulting

### Virtual Learning

- Edmentum provides highly qualified, state-certified virtual teachers of record
- Easily transferrable credit towards HS diploma
- Student experience built around engagement
- Video conferencing and live lessons
