

## What is EdOptions Academy?

EdOptions Academy is a fully accredited K-12 online school that offers award-winning curriculum, certified teachers, and accredited high school diplomas to schools and students who need flexible learning options.

## What do EdOptions Academy courses look like?

EdOptions Academy incorporates an engaging, age appropriate learning experience that emphasizes real-world applications. Learners are actively engaged and frequently interact with the content. Our active learning approach enables students to apply what they have learned, practice, and check their understanding.

## Is EdOptions Academy accredited?

Our online school is accredited by AdvancED. This accreditation grants EdOptions Academy the unique ability to offer transferable credits and high school diplomas recognized by schools and colleges across the country and around the world.

## When does EdOptions Academy start?

EdOptions Academy operates year round, allowing learners to register at any time.

## What does EdOptions Academy offer?

EdOptions Academy offers:

- A high school diploma track
- Individual credits/courses from a library of over 1000 courses in core, elective, Career and Technical Education, World Language, and Advanced Placement
- High school equivalency exam preparation courses (GED®, TASC™, and HiSET®)

As an accredited online high school, credits earned are transferable to other schools, and we accept credits earned at other equally accredited schools.

## How long does it take for a learner to finish an online course?

Learners are given 18 weeks to complete a (semester-long) course. Our certified teachers and guidance counselors set benchmarks and help learners stay on schedule. Diploma-seeking learners have four years from the time of enrollment to meet the preset requirements and complete their high school graduation program.

## How do I enroll learners?

For assistance with the EdOptions Academy application for enrollment, contact the EdOptions Academy Registrar at (866) 890-8153.

## Who teaches EdOptions Academy courses?

When learners enroll in EdOptions Academy classes, they are assigned state certified online teachers to assist with their coursework. Our online teachers help students understand class material and stay on track to achieve their academic goals. All EdOptions Academy teachers are certified in their areas of specialization and have at least three years of classroom experience. Our teachers communicate regularly with learners through the internal email and use the secure, web-based system to manage student grades, assignments, and tests.

## How soon will teachers respond to student questions?

Teachers are required to grade coursework and respond to inquiries within 24 hours; however, EdOptions Academy teachers often work directly with each learner on a daily basis.

## What types of learners are best suited for an online academy?

All types of learners—including at-risk learners, special needs learners, and those with limited English proficiency—have successfully met their academic goals with our online courses. EdOptions Academy's flexible, prescriptive learning options provide each learner with a unique learning path to meet his or her individual needs.

## Is there a summer school option?

Yes, both parents and schools that have summer school can enroll students in EdOptions Academy for 8 week courses.

## Are online courses less challenging than traditional courses?

No, EdOptions Academy offers a comprehensive high school curriculum and diagnostic assessment correlated to rigorous state and national standards. Our curriculum employs a variety of learning activities to actively engage students and foster critical thinking.

## Are learners allowed to access their courses at any time or from anywhere?

Yes. EdOptions Academy is online, allowing students to work on their assignments at times and locations most convenient for them.

## What kind of training is available to the district to promote and support the program?

Schools and learners have a dedicated implementation/program specialist to support defining a plan to address learner needs for the entirety of the partnership with EdOptions Academy.

## How can administrators and supervisors monitor their students' progress?

EdOptions Academy students, district administration and parents/supervisors have twenty-four hour access to student grades and progress via a streamlined student information system.

## What is your completion and pass rate?

EdOptions Academy has a 79% completion rate and 91% pass rate.
