

Boost mastery & achievement with **STUDY ISLAND**

Standards-based K–12 practice, test preparation, and formative assessments

You work hard to deliver impactful instruction to your students every day, but how do you know who's getting it and who needs additional support? With Study Island, you don't have to wonder. Our standards-based formative assessment and practice program provides you with the tools and data to ensure standards mastery for success on state assessments and beyond.

Use Study Island to:

Save time by letting us handle the question writing, assessment grading, and test preparation

Make instruction more effective with standards-based formative assessment

Boost student achievement through embedded state assessment preparation with practice items built from your state standards

Improve mastery and retention through ongoing practice with built-in games

There was a direct correlation to the growth of those schools that used [Study Island] with fidelity and used it often. It is one of the keys to our success.

— Russell Hughes, Superintendent,
Walton County School District, FL

Why Study Island works

Schools and districts nationwide count on Study Island's practice and classroom assessment solutions to engage students and improve their K–12 math, ELA, science, and social studies performance.

Flexible Practice and Assessment

Deliver our standards-based multiple-choice and technology-enhanced items through short, formative quizzes; practice; homework; unit tests; and interim assessments.

Built-In Student Engagement

Students can choose from over 20 games when practicing independently, and our popular game-based Group Sessions feature brings excitement and competition to group assessment and practice.

Study Island NWEA™ MAP® Link

Use a student's Measure of Academic Progress (MAP) Growth™ assessment results to drive an individualized learning path in math, reading, and science.

ESSA "Evidence-Based" Intervention

Study Island meets the ESSA requirements of an "evidence-based" intervention. Backed by several research studies, including one validated by Marzano Research Group, Study Island is proven to be effective.

Data Visualization and Reporting

Study Island's data dashboards and printable reports allow you to keep track of progress and performance so that you can take action when you need to.
