

# Online SAT and ACT Preparation

## Boost SAT® and ACT® Scores with Online Preparation

Being prepared for the college entrance exams means better scores and a better shot at college admission and scholarships. That's why we have purchased Study Island online SAT and ACT preparation for students to use. The program is 100% online so students can access it from a computer, tablet, or even a smartphone.

## Study Island is Proven Effective

Study Island is proven to be rigorous, effective, and to increase student achievement. For this reason it is used in thousands of schools across the country. Students can practice with high-quality questions and lessons so that they will know what to expect on the SAT and ACT.

“The main benefit of Study Island is in test preparation. It takes away the fear. It builds self-esteem when a student experiences growth when no other process has worked for years.”
