

Summer School PROGRAMS with EdOptions Academy

Virtual Courses to Expand Summer Learning Programs

EdOptions Academy provides over 400 fully accredited core, elective, CTE, and advanced courses taught by highly qualified teachers to help you enhance and expand summer learning options for all K-12 students. Cost-effective monthly subscriptions with no minimum enrollments ensure that you can stretch summer learning funding further.

Meet Students' Summer Learning Goals

- Recover credits needed for graduation
- Overcome school-year scheduling conflicts
- Explore a specific interest
- Get ahead on postsecondary requirements
- Prepare for the transition to high school

Provide a Best-in-Class Virtual Learning Experience

- State-certified teachers with extensive experience, trained to teach in the online environment
- Regular student-teacher interaction via video conference, email, phone, text, and more
- Personalized instruction for each student focused on real relationship building and individual goals
- Simple, intuitive navigation and instant updates to help students and their families monitor course progress, manage alerts, and communicate with teachers

Flexible, subscription-based virtual courses to work with students' busy summer schedules, starting at just **\$80 per month!**

All Summer Students Can **LEARN** with EdOptions Academy

Fully Accredited Virtual Courses for Grades K–12 Parents Can Trust

Summer is a great opportunity for your child to make extra progress toward academic goals. EdOptions Academy works with both districts and independent students to offer flexible summer learning alternatives for grades K-12. And, with cost-effective monthly subscription options available directly to families, you can feel good about the investment in your child's future.

Online Courses to Support Real Academic Progress

- Fully accredited courses with easily transferable credit to your child's school
- Options to help students catch up, get ahead, prepare for specific careers, or explore personal interests
- Simple enrollment process with support every step of the way

Ready to get started?

Contact your child's guidance counselor to find out if your school or district is one of over 400 already partnering with EdOptions Academy!

Otherwise, visit <https://edmentum.maestrosis.com/FECreatAccount.aspx> to enroll your child as an independent student today!
