

# Exact Path

## K-12 diagnostic-driven, direct instruction

Exact Path combines adaptive diagnostic assessments with individualized learning paths for K-12 grade students in math, reading, and language arts. Our program puts individual student growth first—giving students the tools to take control over their own academic journey, while providing educators with ongoing data to facilitate targeted support.

**Diagnose learning needs** with our valid adaptive assessments, or leverage your data from NWEA® MAP® or Renaissance Star®

**Instruct K-12 students** with mastery-based curriculum and automatic remediation at the discrete skill level

**Target unique learner needs** and plan your next move with digital assignments and built-in grouping tools

**Analyze growth and progress** and understand usage via aggregated data views and student reports

Students who use the individualized learning paths in Exact Path **demonstrate positive, statistically significant growth on the diagnostic**, based on an independent study. Exact Path meets ESSA requirements of an “evidence-based” intervention and meets What Works Clearinghouse™ Group Design Standards with Reservations.
