K–12 intensive skills recovery

Close skill gaps and propel individual growth with prescheduled, high-impact tutoring. These on-camera sessions combine Edmentum’s high-quality curriculum with Littera’s virtual tutors, meeting the needs of all students in a way that’s highly customizable. You also gain access to a user-friendly scheduling and reporting portal, helping you stay in tune with students’ progress.

As a foundational strategy to this high-dosage model, students participate three times a week for 30- or 45-minute sessions. To best serve an intensive approach, each group has no more than three students.

Tutoring could equate to a student advancing from the 50th to nearly 66th percentile.*

As a foundational strategy to this high-dosage model, students participate three times a week for 30- or 45-minute sessions. To best serve an intensive approach, each group has no more than three students.

**Your students will:**

- Learn with no more than two peers
- Connect with a relationship-focused tutor
- Participate in rigorous on-camera instruction
- Engage in 30- or 45-minute lessons

**You will:**

- Gain access to a scheduling and reporting portal
- Customize recurring schedules
- Secure relief from staff shortages
- Increase intensive intervention at scale
