

## Implement with Fidelity to Accelerate Growth

Use Exact Path to personalize learning for all students and make small-group targeted support possible. By combining diagnostics, learning paths, teacher resources, and data insights, you can accelerate growth for all students and scale the impact of your intervention program.

### 40 Minutes

Master a new skill each week by spending 40 minutes in learning paths per subject

### 8+ Skills

Maximize growth by completing at least 8 skills in 12 weeks

### Proven Growth

3rd party ESSA tier II evidence shows statistically significant growth on assessments

Explore implementation recommendations aligned to student growth goals using all aspects of our award-winning Exact Path program.

Intervention	Target Goal	Recommendations
<b>Universal</b>	Students grow by more than 1 grade	<ul style="list-style-type: none"> <li>Administer diagnostics 3 times per year (fall, winter, and spring)</li> <li>Invest 40 minutes per week in learning paths per subject</li> <li>For elementary, schedule within core classroom</li> <li>For secondary, schedule during intervention &amp; enrichment blocks</li> </ul>
<b>Targeted</b>	Students grow by more than 2 grades	<ul style="list-style-type: none"> <li>Pair learning paths with teacher-led intervention aligned to RTI/MTSS recommendations</li> <li>Enable small-group learning guided by diagnostic and learning path data</li> <li>Find high-quality instructional resources in Assess &amp; Teach</li> </ul>
