

# Join us for a LIVE Webinar

## How do you use Study Island to formatively assess students?

You are invited to join us for a live webinar on Thursday, September 15, as our training consultant and former educator, Regina Waddell, explores the different ways you can use Study Island as your formative assessment solution.

The goal is for you to walk away from this webinar, ready to implement Study Island instruction at the standard, unit, and benchmark level. This will enable you to quickly and easily monitor progress towards mastering standards, individualize instruction, and pinpoint skill gaps.
