

Edmentum Academic Sprints

Summer 2017

Our school is participating in the Summer Study Island Contest!

Our school is participating in Edmentum's Academic Sprints Study Island questions contest this summer. Challenge your student to answer as many questions correctly as they can between June 1, 2017 and August 18, 2017 while keeping a total percentage correct of 60% or higher.

We Have a Chance to Win Great Prizes!

Your child has a chance to win a \$100 Amazon gift card and a Chromebook. Also, our school can win school supplies and a pizza party.

Fight Summer Learning Loss!

Students can lose from one to three months in math and reading skills over the summer. You can minimize summer learning loss by encouraging your student to learn and practice with Study Island while school is out.

Access Study Island from Anywhere!

Study Island is completely web-based so your student can access the same Study Island account they use at school from any computer or mobile device with an internet connection.

To access Study Island go to: app.studyisland.com/cfw/login/

Your student's login credentials are:

Username:

Password:
